

W.T. Weaver Boulevard and King Street water line installation

ASHEVILLE - The Water Resources Department is installing new water line infrastructure on W.T. Weaver Boulevard and King Street from Sept. 6 – Dec. 30.

During construction there will be scheduled water outages as well as road closures as construction progresses. The project will begin on W.T. Weaver Boulevard from Barnard Avenue to King Street, and on King Street from W.T. Weaver Boulevard to Merrimon Avenue.

The construction crew will work 8 a.m.-5:30 p.m. Monday through Thursday, weather permitting, until project is complete.

From Oct. 3-6, the crew will close King Street from 8 a.m.-5:30 p.m. for the installation of new water lines.

During construction, vehicles should be parked outside of the closed work area clear of the immediate path of construction.

Residents in affected areas are receiving customer alert updates each Friday, with road closures, water interruptions, and other pertinent information regarding the project.

If you have any questions or concerns, call the Water Maintenance Division at 828-259-5975.
